purpose

my purpose is to create work that not only showcases my design aesthetic, but also satisfies the need of the client. to explore balance, symmetry, and order juxtaposed with chaos, disorder, and whimsy. i utilize traditional structure of print layout as well as the impactful qualities of freehand drawing to create work that is fun, reminiscent of times past, current, kooky, and visually appealing. punk, dada, street art, hip hop, fine art, collaborative art, d.i.y. attitude, honesty, brutality, passion,

education

grays harbor college
portland community college
harold washington college
